

Name: MongoDB – I

Description: Performing CRUD operations in MongoDB

Submission Due Date: 16-04-2026

XYZ is a company which takes orders from their clients. They need to keep track of their orders in MongoDB. Create a collection "orders" in MongoDB with documents to meet the following requirements:

Each order has an **order_no**, the **year** in which the order is issued, the **cost**, the **items** in the order, and the **number of days** it will take to deliver the order. The **cost** is specified in the basis of two fields such as **price** and its accepting **currency**. The **items** in the order are products in the company. Each order may include several items. Each item may be specified in the basis of **product id**, **colors** and **quantity**. A product may have multiple colors.

Questions:

1. Insert five documents to the above specified collection. (**Document values are given in the attached dataset**). Field names and values must be inserted as same as in the given dataset. (**5X2 Marks = 10 Marks**)
2. Retrieve all documents that contain paid orders (i.e. "**paid**" field is "**Y**") (**1X2 Marks = 2 Marks**)
3. Retrieve all documents that contain paid orders and the orders are from before 2019 (**1X2 Marks = 2 Marks**)
4. Retrieve all documents that contain unpaid orders or whose orders are from before 2019 (**1X2 Marks = 2 Marks**)
5. Retrieve all documents that contain orders whose price is in INR (**1X2 Marks = 2 Marks**)
6. Retrieve all documents that contain orders whose price is less than 18 INR (**1X2 Marks = 2 Marks**)
7. Retrieve all documents with orders that contain product "P2" (**1X2 Marks = 2 Marks**)
8. Retrieve all documents with orders that contain products whose quantity is less than 13 (**1X3 Marks = 3 Marks**)

order Collection

order_no	year	paid	cost		items			delivery_days
			price	currency	pno	colors	quantity	
O1	2020	Y	30	INR	P1	blue, black	15	5
O2	2020	Y	13	DLR	P2	white	4	4
					P3	white, black	1	
O3	2018	N	33	EUR	P3	blue, black	4	4
O4	2017	Y	17	INR	P2	pink, black	14	2
					P4	white	1	
O5	2020	Y	19	INR	P1		15	3
